Work Experience

Sherwood Innovations Inc.

Toronto, Canada

May 2007- September 2007

Co-op placement. Designed the interior and exterior components of cars including hood scoops, dash kits, window louvers, and spare tire covers. Other duties included creating detailed instruction sheets for the installation of dash kits as well as creating PowerPoint presentations for clients showing the various concepts or revisions.

CARQUEST Auto parts

Toronto, Canada

Summer of 2005-2006

Summer employment. Auto parts handler and stocker as well as a verifier in the shipping department in making sure that the right items are sent to the right customer.

Home Depot - Paint Associate

Ottawa, Canada

Sept 2003 – Aug 2004

Part-time employment. Prepared and mixed paint colours for customers, sold products and advised customers in response to their queries.

Habitat for Humanity, Romania

May 2001

Assisted in the construction of homes in Romania as a volunteer for the international charity organization "Habitat for Humanity".
